Notice for inviting specifications from all respective leading manufacturing companies for the equipments for high-end Diagnostic and Dialysis Services at Government Hospitals under PPP.

The Department of Health & Family Welfare (DoH&FW) intends to augment the investigation facilities at the level of secondary and tertiary care health facilities for the benefit of the patients. Accordingly, DoH&FW wishes to install high-end Diagnostic Imaging facilities namely CT scan, MRI scan, Digital X-Ray (DR) & Digital X-Ray (CR) services and in addition facilities for Dialysis services at selected government hospitals at the level of Medical Colleges, District Hospitals and Sub Divisional Hospitals through operation and management (O & M) of private organizations under PPP.

For this purpose, DoH&FW has decided to procure the related instruments. WBMSC, being entrusted for this procurement of equipments, invites specifications of the latest / state of the art models from the interested manufacturing organization for the following equipments,

1. 16 slice CT scanner
2. 1.5 Tesla MRI scanner
3. Digital X-Ray (DR)
4. Digital X-Ray (CR)
5. Hemodialysis
6. In addition to the above relating to Hemodialysis, details are also invited from interested organization for
 - a) Installation of Water Treatment Plant including Reverse Osmosis (RO) system with capacity for 500 Liter/Hour post RO water.
 - b) Installation of Water Treatment Plant including Reverse Osmosis (RO) system with capacity for 250 Liter/Hour post RO water.

The above equipments would be procured by WBMSC as per following quantities over a period of one year:-

1. 16 slice CT scanner (13 numbers)
2. 1.5 Tesla MRI scanner (6 numbers)
3. Digital X-Ray (DR) (13 numbers)
4. Digital X-Ray (CR) (31 numbers)

In addition the DoHFW also wishes to set up the Dialysis services as under over a period of one year:-

1. Dialysis unit with 10 beds – 8 numbers
2. Dialysis unit with 5 beds – 26 numbers

The quantity of the High-end Diagnostic and Dialysis equipments may vary depending on the requirement.

The specification should cover the add-on application / features / softwares of the equipments which may be incorporated if felt required in future.

Once the specifications are received from the manufacturing organizations, Committee members would work out the common features / factors out of the specifications and thereafter finalize the specifications. The bidders would be asked to quote their best price for respective equipments.

The interested manufacturing companies may send their specifications in hard copy at the office of West Bengal Medical Services Corporation Ltd. or through mail in the e-mail addresses wbmsc.wbhealth@gmail.com with a copy to gkmazumder@gmail.com, mp.wbmsc@gmail.com, bme.wbmsc@gmail.com .

The last date of submission of the specifications is on **27.07.2012**
