**Supply and Commissioning of Different Medical Equipment for Calcutta National
Medical College and Hospital**
(Submission of Bid through *online*)

Bid Reference No.: WBMSCL/NIT- 071 /2025

Dated-21.01.2025

Amendment-I

Revised Technical Specification **Schedule I** **Grossing Station**

Grossing table are specifically designed in accordance with international Standards and guarantee a Laboratory environment free of pollutants while slicing and are suitable even for small sections. Air flow travels over the entire working area and is sucked out so as to provide optimal removal of unsanitary vapours. MAC (Maximum Allowable Concentration) values for formalin are below target throughout the entire suction covered worked area. These surgical pathology work stations are useful for examining surgical specimens. The contaminated air and formalin vapors from work table are sucked out by built in efficiency blowers.

Salient features:

1. Low overall height of the upper structure increases leg room.
2. Stable, self supporting under carriage with adjustable levelling screws.
3. Construction is of complete body made of S.S. 304 as per GMP Std.
4. Workstation has a large surface area.
5. Seamlessly welded basin measuring 400mm x 350mm x165mm
6. Built in U.V Germicidal Light
7. Exhaust duct flange
8. Stable, perforated S.S 304 working plate

9. Formalin dispensing tank with sieve insert.

10. Poly Ethylene cutting table board.

These are provided with:

SS Table, SS Sink, Hot-Cold Mixer taps, lighting systems, swivel-magnifier, 2 nos. metric rulers, 2 nos. shelves, storage drawer above the work table, storage compartment under the table with sliding doors, Towel ring, Tissue paper holder and waste bin. The working area sides are made of dark acrylic.

Working Area: 4' x 3' x 3'

Certificate: The bidder should submit valid CDSCO Certificate / Registration / License for both the manufacturer(s) and importer(s) as applicables.
